THE SINOX AND THEIR LAND.

The New York Press is altogether right in its criticism of the policy of the United States in dealing with the Sinox in regard to lands that the government wants to purchase at a price much below its present value. The history of the transaction, so far, is something that is not creditable to the United States. The Sinox Indians have already named a price at which they are willing to sell 11,000,000 acres of their land. The present commission to negotiate with them is authorized to offer \$1.25 an acre. They were first offered 50 cents an acre and declined. Then Secretary Vilas offered them \$1, and was grieved by their blindness when they declined that also. They wanted \$1.50; and this rather large country, this decidedly wealthy nation, is now haggling over the odd 25 cents.

There seems to be a disposition in some quarters to denounce the Sinox, as though the United States had kindly given them this land, instead of the fact which is that we have simply refrained from grabbing the tail with the hide, and conceded the title of the Indians to something that was already their own, in consideration of their waiving all interest in and title to the rest of what was their own.

THE CIVIL SERVICE COMMISSION.

Those whose hobby is civil service reform will have a good opportunity to applaud President Harrison for the appointments he has made to the civil service commission. He has made two appointments that should give universal satisfaction, that of Theodore Roosevelt of New York, and Hugh S. Thompson of South Carolina. Mr. Roosevelt is one of the foremost young men in this country as regards ability and the interest he has taken in civil service reform. Five or six years ago, when only twenty-four years old, he was the leader in the New York legislature in all reform matters. He was the creator of all the reform measures, and fought them with such commanding ability and dauntless courage that he won a national reputation. He is just the man for the place. He is a reformer in spirit and practice, is abundantly rich, and has nothing to do but devote his whole time to the office. If the mugwumps have any conscience, they will enthusiastically endorse this appointment.

Mr. Thompson is a democrat, and is the late assistant secretary of the treasury. He has been the most pronounced advocate of civil service reform from the southern states. He was a civil service reformer before he was appointed to the position of assistant secretary of the treasury. He has the support of a large portion of the democratic senators. He is one of the cleanest democrats ever appointed to office, and will heartily cooperate with Mr. Roosevelt in the work of the commission.

President Harrison has done a splendid thing for reform by appointing these two men in the civil service commission. Now let us hear some words of praise for the president from the righteous mugwumps.

There was one member of the administration that did not fool away the time at the Government pays him a salary for by jinking at the centennial. It was First Assistant Postmaster General Clarkson. He remained at the office the entire week and appointed 300 new Postmasters every day with the regularity of a clock. — Lincoln Journal.

been sold under the hammer for \$40,000. Too many strikes have demoralized the knights. They followed too many leaders like Martin Irons, and now they are paying for their folly.

The Union Iron Works, of San Francisco, are to build another vessel for the navy—a new armored coast defense vessel, more powerful than the cruisers. She is to have three very large guns, a 16-inch 115-ton breech-loading rifle, a 12-inch breech-loading rifle and a 14-inch Zaisnki dynamite gun, besides a supplementary battery of 15 small rapid fire guns. She is to be of 5,400 horsepower, of 4,000 tons displacement, 250 feet long, 59 feet beam and of very light draught.

At Hinckley, Minn., a severe wind storm has been prevailing all day, doing damage to timber and blowing down shade trees. An engine running between Sandstone and Sandstone Junction was wrecked by a tree falling across the engine while running at a speed of fifteen miles an hour. Engineer Door escaped uninjured while Fireman Elmer Miller had his head and legs badly bruised.

At St. Cloud, Minn., a terrible windstorm raged for twenty-four hours. A number of houses have been unroofed. At Maine Prairie, Melrose, Rockville, Sauk Center, and Torch—all small towns in Stearns county—the unroofed dwellings and moved outbuildings from their foundations. A report from Kimball Prairie says that forest fires are raging in that vicinity and heavy losses will result unless rain sets in at once.

Kansas City, Mo.—Peter H. Kent, cashier of the Burlington freight office here has been detected in an attempt to embezzle \$30,000. His story is that he gave \$5,000 to a stranger, R. B. Bowen, on an order from James Cunningham, and tried to cash a check for \$26,500 to give the man. The police officers think Bowen a myth, and so arrested Kent.

CRUSHED IN A STREET CAR.

SIX WOMEN KILLED AT A CROSSING ACCIDENT.

The Passengers Horribly Crushed by a Moving Locomotive—Fatalities by a Derailment—Other Accidents.

KALAMAZOO, Mich., May 9.—A shocking accident occurred about 6:30 o'clock Wednesday evening at the West Main street crossing of the Michigan Central railroad. A street car containing eight women and two men was crossing the track when the engine dashed down upon it from the east at a high rate of speed, and the driver being unable to get the car out of the way, the helpless passengers were hurled to a terrible death. It was but the work of a moment and the fearful catastrophe was over. The street car was carried almost to Academy street, no pieces flying in all directions and the human freight being mangled in a terrible manner. The killed and wounded are: MRS. ALEXANDER HADDOCK, killed and body horribly mangled. MRS. M. E. WATERS instantly killed body badly mangled. MISS GERTRUDE TILBOSTON, killed and her body thrown across the street. MISS GEORGE SMILEY, killed. MISS MIDDLETON, killed. MISS VAN ANTWERP, killed. Mrs. HADDOCK, injured on the head and side. Mrs. BARNES, badly cut and bruised about the head.

Both of the male passengers escaped, and the driver jumped from his seat in time to avoid anything but a few bruises. The switch-engine was running at a high rate of speed. The gates at the crossing where the accident occurred are not used between 5:30 and 6:35 p. m., the gatekeeper going home at that time. This custom probably deceived the driver of the street car, who was a new man and probably supposed that the gates would of course be down if an engine were coming.

A FATAL WRECK.

A Smoking Car Overturns, Killing Two and Injuring Many.

CLEVELAND, Ohio, May 9.—The north-bound passenger train on the Valley road which was due here at 2:30 o'clock Wednesday afternoon entered the city limits on time and was running along at the rate of thirty miles an hour when the smoker left the track. It turned to the right and collided with a car loaded with coal on a side-track. There were fourteen passengers in the smoker at the time, two of whom were instantly killed and four of whom were painfully injured. A half-dozen other passengers were bruised and cut, but not seriously. The front end of the smoker was demolished, the roof being over the coal car and the floor beneath it, after it had settled. The dead and injured were brought to the city at once and were provided for by the railway officials. It is said that the smoker was an old one and much out of repair. The train consisted of a baggage-car, a smoker, and one coach. A lady in the coach was thrown against the seat by the shock and one of her ribs was fractured. The dead and injured are as follows: E. D. ODEBET of Akron, Ohio, son of a wealthy coal operator 22 years old, killed. GEORGE J. KEMPF of Erie, Pa., 23 years old, killed. LAWRENCE O'CONNELL, Akron, Ohio, left leg fractured. Mrs. CAROLINE CHILNEY, 22 Ohio street, Cleveland, 23 years old, killed. W. M. CLARK, Brooklyn, N. Y., agent of Missouri Pacific railroad, left leg bruised. J. J. C. TAYLOR, Cambridge, Ohio, accountant and paymaster Cleveland & Marietta railroad, cut in the face.

Young Odebet was on his way to this city to witness a game of base ball between the Cleveland and Indianapolis clubs. The smoker was the only car that left the track.

One Killed in a Collision.  
CHATTANOOGA, Tenn., May 9.—Information of a disastrous collision on the Cincinnati Southern railroad, near Glen Mary, has just been received here.

Through a mistake of orders by the train dispatcher at Somerset passenger train No. 2, bound from this city to Cincinnati, collided with a freight train. The engines of both trains were totally demolished and a number of cars derailed. No passengers were hurt. Fireman Burchett of the freight train died at 11 o'clock this morning. Baggage-master Farrel, Mail Agent King and Corwin, Express Messenger Dunn, and Fireman Warner were also injured, but are doing well.

Wrecked by an Explosion.  
RACINE, Wis., May 9.—A forty-horse power boiler exploded Wednesday afternoon in the box factory of A. A. Foster. Besides the proprietor, George Wheeler, the engineer, and A. Wright, an employee, were in the building at the time. Foster was badly cut and injured internally. The other men escaped. Martin Peterson, a teamster, stood outside and was buried under the wall, having a hip and leg broken besides being so badly injured internally that he can not recover. William McCabe, another employee, was also seriously injured by falling debris.

Small Cyclone at Ashland, Wis.  
ASHLAND, Wis., May 9.—A small cyclone struck Ashland late Tuesday afternoon. It unroofed the Ashland Mercantile company's store and upset small dwellings. Boxes and frames not included. Considerable lumber piled on the docks was blown into the bay and a large number of logs were driven from their moorings but secured again. Telegraph poles were blown down and many on the Northern Pacific & Omaha were burned, cutting off telegraphic communication. The damage will not exceed \$10,000.

Death at Wreck.  
LACROSSE, Wis., May 9.—During a wind storm a box car was blown from the side track onto the main line of the Chicago, Milwaukee & St. Paul road at Dell Rapids. A freight train running at full speed struck the car and the entire train and locomotive were wrecked. Fred Smith, a brakeman, was instantly killed. Several others, including passengers, escaped with bruises.

Baseball Players Delayed by a Wreck.  
WATERBURY, Conn., May 9.—A freight train broke in two last night on the New England railroad at Tomners, six miles west of Brewster's, and one section ran into the other, smashing one of the cars and blocking the track. The Washington express, having on board the New York and Boston baseball players, was delayed nearly nine hours by the wreck.

Two Men Crushed by a Train.  
CHAMPION, Mich., May 9.—Mat Rast and August Young were crushed between two sections of a packed train to-day. Young was instantly killed and Rast died in half an hour.

Oconto, Wis.—The identity of the man who robbed the Linwood mail-carrier near here has been established and officers are on his track.

Rheumatism is caused by an acid in the blood; therefore, external treatment affords no permanent relief. To eliminate the poison and make a thorough cure of the disease, nothing is so efficient as Ayer's Sarsaparilla. Give it a trial. Price \$1. Worth \$5 a bottle.

MR. PARNELL'S TOUR.

The Irish Leader Continues His Testimony Before the Commission.

LONDON, May 9.—In the special commission to-day Mr. Parnell, still on the witness stand, gave an account of the meetings he addressed in the United States and said they were attended by leading citizens, including governors, judges, mayors, clergy, etc. When he returned from America he arranged with Michael Davitt to make a tour of England to denounce crime, but his arrest prevented him from carrying out the scheme.

A New Submarine Cable Line.

LONDON, May 9.—Among the papers laid before the House of Commons is the copy of a contract for a submarine telegraph line between Halifax and the Bermudas. The British Government and the International Cable company are the contracting parties. The latter constructs and operates the cable, receiving an annual subsidy of \$8,000 for twenty years, the line to be in working order within five months of the approval of the contract by Parliament.

Mr. Howard's Bill Squelched.

LONDON, May 9.—The motion in favor of the commercial union of the British empire, introduced by Vincent Howard, a conservative member for central Sheffield, was the third in order of business when the House resumed its sitting at 9 o'clock last night, but as there were only thirty-nine members present the House adjourned. The question has now little chance of discussion this session.

A Pugilist Kills a "Jarvey."

DUBLIN, May 9.—Jack Hickey, the pugilist, became involved in a dispute with a "Jarvey" (jaunting car driver) which ended in a fight. Hickey struck the driver a powerful blow in the face, breaking his jaw, and inflicted other injuries, from the effects of which the driver died. Hickey was arrested and remanded on a charge of manslaughter.

Reward for Captain Murrell.

LONDON, May 9.—A fund has been started in this city for Captain Murrell, of the British steamer Missouri, who rescued the passengers of the Danish steamer Danmark in mid ocean. Already \$300 have been subscribed.

THE ADMISSION OF ADAMS.

Charles Francis Says He Does Not Know Much About the Union Pacific.

NEW YORK, May 9.—Chauncey M. Depew was a witness this morning before the Senate committee investigating the relations of American and Canadian railways. As to the Inter-State law, he said the only amendment he could suggest in order to protect American roads was that roads doing business in this country, whether American or Canadian, should be made to comply with the conditions of the law. At present it was very easy for Canadian roads to get large quantities of freight by means of rebates. He considered pooling a good thing. In answer to a question whether he thought it would have been better if goods destined to points in the United States had never been allowed to go through Canada, he said "yes," but the thing is now an established fact.

When asked what would be the result of war between Canada and the United States, Mr. Depew replied: "Well, it would last but two days."

The next witness was General Manager Joseph Hixon of the Grand Trunk road, who described the road and its terminals. After some questioning he acknowledged that the Grand Trunk practically controlled the rate between Chicago and Portland. Their business in the United States, the witness said, was carried on in accordance with the spirit of the interstate law.

NEW YORK, May 9.—Charles Francis Adams, president of the Union Pacific road, was the first witness to-day before the Senate committee investigating the relations of American and Canadian roads.

While he thought the interstate law in many cases cruel he would like to see it universally obeyed and given a fair trial. He thought the interstate commerce commission was doing good work and that the common railroad law between Canada and the United States and the legalized pool would help to a solution of the present troubles. Adams said he was only nominally president of the Union Pacific and knew little of its practical workings.

Thomas L. Greene, transportation agent of this city, was the next witness. He had no objection to a legal pool, but wanted merchants to have some voice in fixing rates.

The New York Herald, though a democratic paper, clearly sees the signs of the times. It says: "It is going to be up hill business to elect a democratic president in 1892." This announcement is a punch in the fifth rib at Mr. Cleveland. Probably the item was intended for the eye of the ex-president.

## A VILLAGE DESTROYED!

A SUBURB OF CHICAGO RAV-  
AGED BY FLAMES.

Forty-eight Residences of Moreland in  
Ashes—21 Families, 115 a Disas-  
trous Fire—Other Blazes.

CHICAGO, May 9.—What was once  
known as the village of Moreland was al-  
most completely wiped out by fire Wednes-  
day afternoon. Sixty families were made  
homeless, and the fire destroyed residences  
and stores were burned to the ground.

Shortly after 3 o'clock some workmen  
employed in the building of several cot-  
tages, next the Presbyterian church on  
Park avenue near Forty-eighth street, saw  
smoke issuing from the basement of that  
structure. A moment later two small boys  
were seen dashing from the building. The  
men made immediate investigation, and found  
the doors locked. Before they could get in  
through the basement the high wind from  
the southwest had fanned the fire into a  
blaze, and the flames were seen to be  
for assistance could be summoned the fire  
had been driven to the adjacent frame  
houses and stores. These, like so many  
thunder-boxes, were eaten up.

The fire department was summoned, but  
being so great a distance from the scene did  
not arrive until the fire had gotten under full  
headway. When it did arrive its services were for  
the time apparently useless. Cottage after  
cottage ignited from the thick-flying  
sparks and in a few minutes had crumbled  
in ashes to the ground. It was impossible to  
fight the fire except from the sides and then  
all that could be done was in the way of  
protecting adjacent property. The wind blew  
the flames, smoke and sparks to the north  
so furiously that the firemen were unable  
to give battle to it.

Down through the little nest of frame  
houses the fire swept, cutting its way like a  
knife. From Park avenue along the line  
of Forty-eighth street, past Fulton and Lake  
streets to the Northwestern tracks the fire  
moved with incredible rapidity. When it  
reached the middle of the south district it  
spread to the sides and burned every house  
in its track. Not one was spared.

When the fire reached Indiana street,  
between Forty-seventh and Forty-eighth  
streets, it had burned itself out and the  
residents living near by breathed a great  
sigh of relief and began carrying back in-  
to their homes the few articles they had  
carted out. It had taken just three and  
one-half hours to lay waste not less than  
twenty-five acres of built-up property.

At a rough estimate the loss to the ten-  
ants and owners of the burned buildings  
will reach about \$100,000. The fire is  
thought to have been of incendiary origin,  
though possibly sparks from a boy's bon-  
fire started the conflagration.

WERE THREE BURNED?

Rumors of a Sad Catastrophe at the  
Town of Sullivan, Mich.

GRAND RAPIDS, Mich., May 9.—A dis-  
patch was received from Sullivan, a new  
town in the Muskegon, Grand Rapids &  
Indiana railroad, yesterday afternoon, ask-  
ing that an engine be sent to aid in fighting  
the fire. The engine was accordingly dis-  
patched.

Later reports state that fifteen dwellings  
and two large mills have been destroyed  
and that three members of the family of a  
Mr. Brown are missing, and it is believed  
have perished in the flames. The wires are  
down and nothing more can be learned.

Sullivan is a little town of 500 inhabitants  
and is located twenty-seven miles west of  
this place.

EL PASO, Mich., May 9.—Forest fires  
ignited this town yesterday noon and  
burned the larger portion of it. The  
losses are distributed as follows: Munger,  
Watson & Devost, dealers in logs  
and lumber, \$1,000; the Sullivan wood-  
mill company, \$2,500; K. C. Stangland,  
\$4,000; A. B. Klise, \$2,500; McFie &  
Son, \$1,500; other losses, \$10,000 in all.

Twenty-five families were rendered home-  
less and the property of the Sullivan mill  
company, which worked all last night to save  
the Sullivan Lumber company's mill. One  
hundred people were fed and sheltered at  
Ravenna, a village five miles distant.

EL PASO FIRE-SWIFT.

A Dozen Buildings Burned Causing a  
Loss of \$50,000.

EL PASO, Mich., May 9.—A fire broke  
out at noon Wednesday in this city, and,  
despite all efforts to subdue it, destroyed  
over \$50,000 worth of property. The fire  
originated in the Illinois Central and  
Toledo, Peoria & Warsaw railways' coal  
shed, catching from a spark from an en-  
gine on the Central, and everything being  
dry and a strong gale blowing from the  
south the flames spread rapidly. El Paso  
is without a fire department, and the entire  
town was at the mercy of the flames until  
a detachment of the Bloomington fire de-  
partment arrived.

Among the buildings burned were: Both  
the old and new freight houses of the Illi-  
nois Central, the Toledo, Peoria & War-  
san freight house, the Western Union tele-  
graph office, the Summit hotel, the Camp-  
bell hotel barn, W. R. Fleming's and C. P.  
Hildreth's residences, Salberg's and Sei-  
dell's groceries and several small struc-  
tures. It is not known how much prop-  
erty was insured, but it is thought that  
but only a small fraction of it was covered.

FROM FOREST FIRES.

Several Towns Devastated by Flames  
From Blazing Woods.

ISHPEMING, Mich., May 9.—Forest fires  
have been burning in parts of the upper  
peninsula for several days. The village of  
Spaulding was destroyed Tuesday, leaving  
800 people homeless. Rain last night re-  
tarded somewhat the progress of the fires,  
but they are burning fiercely.

WISCONSIN, May 9.—Elba, a hamlet  
near here, was burned last night. The in-  
habitants were driven from their homes in  
their night clothes. No one was seriously  
injured.

NEWBURN, N. Y., May 9.—Fierce fore-  
st fires are raging the Shawangunk moun-  
tains and the Catskills, and also in the  
Highlands below here. The fire is burning  
the mountains. The atmosphere along the  
Hudson river is filled with smoke, and un-  
less rain comes soon pilots on night boats  
will have a hard time seeing their way  
through it. A large amount of woodlands  
has been seriously damaged. The fires are  
reported to be on the increase in all direc-  
tions. As yet no lives are reported lost or  
persons injured.

DESTRUCTION AT NORTH JUDSON, IND.

NORTH JUDSON, Ind., May 9.—A terri-  
ble conflagration visited this place yester-  
day. Nearly a dozen buildings, including  
the warehouse and freight sheds, were de-  
stroyed. The loss is estimated at \$60,000,  
partially covered by insurance.

THE main building of the Lutheran  
Orphan home at Zelonipon, Pa., was de-  
stroyed by fire. No one was injured.  
Loss, \$12,000.

Facts Worth Knowing.

In all diseases of the nasal mucous  
membrane the remedy used must be non-  
irritating. The nasal mucous mem-  
brane is so sensitive that nothing  
irritating can be accomplished with  
drugs, muffs, powders, sprays, ac-  
cidents or any similar application, be-  
cause they are all irritating, do not thor-  
oughly reach the affected surfaces and  
are soon abandoned as worse than fail-  
ure. A multitude of persons who had  
for years borne all the worry and pain  
that catarrh can inflict testify to radical  
and permanent cures wrought by Ely's  
Cream Balm.

## THE RESULT OF A DAY'S GAMING.

A National League Game.

CHICAGO, May 9.—In a game of but  
few brilliant features, and with an equal  
number of errors on each side the Pitts-  
burgh defeated the home team. The score:  
Pittsburgh 6 0 0 1 0 0 0 3  
Chicago 1 0 0 0 0 0 0 1—2

BOSTON, Mass., May 9.—Clarkson's  
magnificent pitching and the good support  
given him by other members of the club  
enabled them to shut out New York. The  
score:  
Boston 0 0 0 0 0 0 0 3  
New York 0 0 0 0 0 0 0 0—0

PHILADELPHIA, Pa., May 9.—Wash-  
ington defeated Philadelphia by hard-hitting  
Mack's catching was the fielding feature.  
The score:  
Washington 3 1 0 0 0 0 2 4  
Philadelphia 1 1 1 0 0 1 0 0—6

CLEVELAND, Ohio, May 9.—The Cleve-  
land ball-players demonstrated that they  
were batters as well as fielders and made  
when two men were bases. The score:  
Cleveland 0 0 1 0 1 0 4 1  
Indianapolis 1 0 1 0 1 0 1 2—4

AMERICAN ASSOCIATION GAMES.

CINCINNATI, Ohio, May 9.—The Cin-

Columbus 1 0 0 0 0 1 0 2—4

THE INTER-STATE LEAGUE.

PEORIA, Ill., May 9.—After a discour-  
aging start, Peoria plucked up courage  
and took a game from Burlington. The  
score:  
Peoria 0 0 0 1 3 2 4 15—16  
Burlington 2 1 1 0 0 1 0 0—5

DAVENPORT, Iowa, May 9.—The game  
here resulted as follows:  
Davenport 1 0 0 0 0 3 0 0—1  
Springfield 0 0 0 0 0 0 1 0—1

SPRINGFIELD, Mo., May 9.—Evansville  
beat Quincy in the Inter-State league series  
by a score of 15 to 1.

A NEW BASEBALL LEAGUE.

DECATUR, Ill., May 9.—The Illinois  
Base Ball League, including the  
cities of Decatur, Bloomington, Danville,  
Lafayette, Terre Haute and Logansport,  
was organized here with W. W. Irvin of  
Bloomington president and Harry T.  
Smith secretary and manager. Players'  
salary list is limited at \$600 a month. The  
league will meet again at Danville on May  
16.

ON THE AMERICAN TOUR.

The Lexington spring meeting closed,  
the event of the last day being the Straus  
handicap, 1 mile, in which Elyton won in  
1:50. The other winners were Nova C.,  
Sunny Brook and Amos A.

At Nashville Orlethy, T. J. Rusk, Quota-

## BRIEFLETS.

—What has become of the proposed new brick yard?

—William Pratt, of Stoughton, visited friends in the city to-day.

—Heimstreet is having a great run on his milk-shake. Try it, the finest in the city.

—Marshall Hogan reports everything quiet in his department of the city government.

—The indications are that a good many new sidewalks will be constructed the coming season.

—We saw business men are petitioning the Post-office Department for the free delivery of mail.

—State railroad maps will be mounted on muslin and rollers on short notice at the Gazette bindery.

—Mr. N. H. Clark shipped another car load of fine driving and carriage horses east last evening.

—David Conger, of the first ward, is one of the Wisconsin men who were granted an increase of pension yesterday.

—The Jennings office is still occupying the attention of the circuit court. All jurors not on the case have been excused.

—Janesville Commandery No. 2, Knights Templar, assemble in regular semi-monthly convocations this evening at Masonic hall.

—Send your Battles and Leaders of the Civil War to the Gazette bindery. It will put them up in nice style of binding at reasonable rates.

—The case of the State against Chas. E. Green in the circuit court has been continued for the term on the ground of an absence of an important witness, Miss Harlow.

—An effort is being made by the local newspapers to have Sunday papers brought to this city in spite of the fact that the Sunday trains have been discontinued.

—Janesville is likely to be well represented at La Prairie Grange hall to-morrow evening. The moonlight drive will be added to the pleasure of dancing to Smith & Anderson's music.

—The ladies of the Presbyterian church will treat their friends to strawberries, cream and cake to-morrow evening at the residence of Mrs. Wheeler, 105 Center street, fourth ward.

—Miss Lizzie Palmer entertained the members of the Court Street Assembly last evening in an enjoyable manner at the home of her parents, Mr. and Mrs. W. G. Palmer, 153 South Jackson St.

—Hasty proof reading made it appear in a portion of the Gazette's report last evening that the water company was held responsible for the opera house fire instead of for much of the loss occasioned by the fire.

—In the municipal court last evening the jury in the assault and battery case of Wilcox against Richter, brought in a verdict of acquittal. T. B. Nolan appeared for the plaintiff, and J. W. Bates for the defendant.

—Mr. Wm. Cunningham held No. 11, being the ticket which took the watch at the club drawing last evening at F. O. Cook's jewelry store. These drawings will now take place each Wednesday evening at eight o'clock.

—The school commissioners will meet this evening to arrange for introducing Sheldon's speller into the city schools. The speller will be placed in the third, fourth, fifth, sixth, seventh and eighth grades, the price being twenty-five cents.

—It is insisted by the jurors in the Lee case that eight of the jury were for conviction on the full charge, and that the other four favored conviction for assault. The entire twelve believed Lee guilty, only differing in their ideas as to the crime committed.

—Ald. Horn, of the gas committee, proposes to collect several samples of street oil lamps and place them in conspicuous places that they may be thoroughly tried, before making a report to the council on lighting the suburban portions of the city with oil.

—The Right Reverend Cyrus F. Knight, D. D. and C. L., Bishop of Milwaukee, will visit Trinity parish, Janesville, Sunday May 12, in the morning, when he will administer the Apostolic rite of confirmation. In the evening he will conduct confirmation services at Christ church.

—The ladies of the First Presbyterian church will have a strawberry and ice cream social on Friday evening, May 10th at the residence of Mrs. Wheeler Center street, just across the road south from the Jackson street bridge. A most enjoyable time may be expected, and all are cordially invited to attend.

—Quite a number in this city will be interested in the fact that the law requiring foreign building and loan associations doing business in this state to deposit \$100,000 in securities with the state treasurer was complied with by the National Building, Loan and Protective Union, of Minneapolis, yesterday. The securities are in the hands of Treasurer Harlow.

—Mrs. C. A. Johnson, formerly of Chicago, and the sister of La Prairie, has returned to the home of Mrs. Elizabeth Zeigler on North Main street, and is now in full charge. Mrs. Zeigler's patrons are not likely to suffer under the new management as Mrs. Johnson's experience is ample. Fine groceries will be kept in stock, luncheons will be served and Shurtliff's cream will be dispensed.

—The funeral of the late Mrs. Sumner Parker was held at two o'clock this afternoon from her home in the town of La Prairie. There was a large attendance of family friends present to listen to the impressive services conducted by the Rev. Dr. M. G. Hodge, pastor of the Baptist church, this city. At the conclusion of the services the remains were taken to Oak Hill cemetery for interment.

—Insurance Commissioner Cheek was surrounded by many admiring veterans this morning, as in the days when his claim to distinction was the vigor he put into the "sky rocket" cheer of the Grand Army. "I rather hear Phil Cheek get off that Sies, boom, a-s-a-h!" business than to see a Fourth of July display," remarked one grizzled warrior as he made his way toward the district attorney's room where a levee and the abbreviated but large-hearted official smiled at the remark pleased him.

## THE CASE TO BE MADE A TEST.

Many Insurance Companies Watch the Case Before Judge Patterson.

State Insurance Commissioner Cheek Appears Against A. E. Whitmore To-Day.

A case which means the admission into or the banishment from the state of insurance companies too numerous to mention was brought up in Judge Patterson's court to-day. It was the case of the State against E. A. Whitmore, and beside District Attorney Malone sat State Insurance Commissioner Phil Cheek.

In brief the charge against Mr. Whitmore is that he did business in Wisconsin for an insurance company that is without a permit. But the issue is not so much regarding Mr. Whitmore as it is regarding the company itself. Until last winter all secret insurance fraternities were beyond the insurance commissioner's jurisdiction. Last winter it was ordered that all must make sworn statements of their business to the commissioner, and must make him their Wisconsin attorney upon whom any services for suits might be made.

By a law of two years ago no special assessment companies except those already in the state—these being exempted—can profitably do business in Wisconsin on account of the re-insurance reserve of 4½ percent that is required. Many of the special assessment companies evaded this by taking new names and claiming to be simply benevolent insurance fraternities similar to the Knights of Honor and the Order of United Workmen. Last winter, however, all fraternities recognized as legitimate by the state—including Masons, Odd Fellows, Knights of Pythias, Red Men, and a number of others—were especially named by the legislature. Twenty or thirty other companies, claiming to be fraternities of the same kind, have been doing business ever since, however, and one of these was the National Benevolent Association of Minneapolis. Incurring only Odd Fellows, its officers claimed it to be exempt under the Odd Fellow clause.

Commissioner Cheek insisted that the claim for exemption rested only on a pretext. He therefore had Mr. Whitmore arrested. This morning Mr. Whitmore waived examination, pleaded not guilty, and a statement of the facts in the case was agreed upon for presentation to the supreme court. Attorney Getty, of Minneapolis, the company's attorney, appeared for the defense. As the case involves the right to do business in the state of the Independent Order of Foresters, the Knights of Maccabees, the Grand Circle of White Men and twenty-five other companies, it will be watched with great interest.

SAYS THEY ARE IN EARNEST.

THE MYERS ESTATE BUY LAND TO ENLARGE THE OPERA HOUSE SITE.

A remark that it was doubtful whether the Myers estate would rebuild the opera house or not was reported to J. H. Myers this morning.

"Anybody that thinks that," said Mr. Myers, "is much mistaken. When we began to clear away the ruins we did it so that the new opera house could be begun. There will be an opera house on that site just as soon as it can be put there, and it will be built by the Myers estate."

"Will it be finished by the end of a year?"

"I shouldn't be willing to say that because there are so many preliminaries that remain to be gone through with. The work will be pushed forward just as fast as possible, and the building when finished will be a credit to the city. Yesterday the transfer of the McKee-Stevens property on Bluff street was made, and the estate now owns a site of ample proportions. The new house will have its stage where the McKee warehouse now stands in order to give room for two stores in front. If the opera house wasn't to be rebuilt what would we want to buy that extra property for? The price paid was three thousand five hundred dollars and except for opera house purposes I wouldn't have taken it for a hundred."

GRAND COUNCIL OFFICERS.

THE ROYAL ARCADE STATE BODY CONCLUDES ITS ANNUAL SESSION.

At the evening session of the Grand Council of the Royal Arcanum in Milwaukee on Wednesday, the following officers were elected:

Grand regent, O. W. Carlson, Milwaukee; vice regent, J. B. Webb, La Crosse; grand past regent, W. J. Abrams, Green Bay; grand orator, J. C. Sloan, Marinette; grand secretary, C. W. Simonds, Milwaukee; grand treasurer, A. Carhart, Milwaukee; grand guide, H. E. Alling, Fort Howard; grand chaplain, Geo. S. Kewes, Racine; grand viceroy, W. G. Oliver, Oconto; grand scribe, R. C. Whitcomb, Monroe; representative to supreme council, H. H. Dodd, Fond du Lac; alternate representative, W. J. Abrams, Green Bay.

The officers were installed by Col. Chas. W. Hazard, of Monongahela City, Pa., vice supreme regent of the order.

In the afternoon Grand Regent W. J. Abrams, of Green Bay, read his annual report, making several important suggestions. Grand Secretary C. D. Simonds' report showed that the total membership in the state is 2,081. The receipts for the year had been \$2,086.90, disbursements, \$2,087.11. The time of holding the annual meeting of the grand council was changed to the second Thursday in April. It was also voted to hold the next meeting in the hall of Alpha Council, Milwaukee.

TODD'S

"BUNTON A INDIA PALE ALKS" are acknowledged by judges to be superior to the Imported English Ales. They have the virtue of being strictly pure—nothing else malt and hops, and of the choicest quality, enters into their composition. Consequently all the nutritive tonic and restorative properties those ingredients are known to possess are found indubitably blended in these brands of ale.

## OBITUARY.

MR. D. CHESEBRO.

Another of the early pioneers of Rock county has passed to his heavenly reward.

Mr. Ezra D. Chesebro, of the town of LaPrairie, died at his home in that town this morning, aged 76 years.

Mr. Chesebro settled on the farm where he died in 1847, coming here from Oswego county, New York. For some time he had been troubled with a bronchial disease, and disease of the heart, which, owing to his advanced years, proved fatal.

He was a man of a retiring disposition, yet he possessed a large acquaintance and commanded the respect of all who knew him. Mr. Chesebro had frequently held important trusts in his township, and always won the confidence and respect of all of his associates.

Besides his wife, who had been his companion for over half a century, he leaves a family of four children—Mrs. D. A. Cummings and Mrs. B. F. Child, of Emerald Grove; Mrs. W. H. Chesebro, of Chicago, and Mrs. Ira P. Nye, of Eureka, Kansas—to mourn his death.

The funeral will be held from his late home near Emerald Grove, on Saturday afternoon at one o'clock.

CONTRACT AWARDED.

S. P. WILCOX WILL BUILD THE GRAND STAND AT THE FAIR GROUNDS.

The board of directors of the Rock County Agricultural Society held a meeting yesterday afternoon at the office of the secretary, Mr. E. B. Heimstreet, for the purpose of opening the bids and awarding the contract for building the grand stand at the fair grounds. Mr. S. P. Wilcox was the lowest bidder and the contract was awarded to him. The new stand will be 166x26 feet. The foundation will rest on stone piers two and one half feet square, set in the ground two feet being sixty two of these piers. One entrance only, being located at the west end. A ticket office of modern design will be located near this entrance. There will be no booths under the grand stand as in the old structure. The seating capacity will be about twelve hundred, and when completed the stand will cost the society about a seven hundred dollars. The design and specifications were drawn by Alderman Sutton Norris, of Shoopell & Norris, and when completed will be an ornament to the grounds. The stand is to be completed in time for use at the June races of the Trotting Association.

TWO MINDS OF POETRY.

S. D. A. sends the following, labeled "Poetry":

The lady looks in the window,  
And says, Oh, my dear friend,  
Book goes down mightily low.

P. S.—There are two classes of poetry that reach a newspaper office, poetry that is good enough to be good, and poetry that is bad enough to be good. This belongs to one of them—Washington Critic.

HOSPITAL BENEFIT.

Mr. Thos. E. Adly has kindly consented to give the hospital a benefit Saturday afternoon and evening May 11. Tickets should sell freely. Admission ten cents, children five cents. Mr. Adly will give interesting descriptions of the curiosities exhibited.

A prudent man, "according to Hoyle," for cut or bruise, and burn and boil will use at once Salvation Oil.

THE WEATHER.

At seven o'clock this morning the thermometer indicated 73 degrees above zero. Cloudy with southwest wind. At one o'clock p. m. the register was 67 degrees above zero. Fairly cloudy with south wind. For the corresponding hour one year ago the register was 51 and 55 degrees above zero.

Mamma, to her little boy, "Now, Benjie, if you'll be good and go to sleep, mamma'll give you one of Dr. Ayer's nice sugar-coated Cathartic Pills. All very nice you need medicine." Benjie, smiling sweetly, dropped off to sleep at once.

CITY DIRECTORY.

The Gazette has in stock a few copies of the Curtis City Directory published in January last, that will be sold for \$1 each. If you want a good directory cheap, now is the time to secure it.

The Future of Iron.

This product, which, from the immense extent of its uses, and its applications to the true necessities of mankind, would seem properly stable in its very nature, has during the last two decades suffered from violent fluctuations. At present the iron trade is reported to be in rather a depressed condition, which would be worse except for a combination among the manufacturers which keeps the production down sufficiently to maintain prices on a paying basis. All over the country mills are starting into action and shutting down, a species of restlessness characterizing the outlook. But an increased market is looked for during the next three months, and after the lessons of the past up improvement that lasts even for a length of time will not be long in coming. The government, by its recent operations in ship and ordnance construction has done something to help matters, and probably the same assistance will be rendered during the next four years.

American Corn in Paris.

Commissioner Henry A. Spaulding has received from Nathaniel Ingoldstony, now in Paris, an interesting letter concerning the American corn palace to be erected for the exposition. Mr. Ingoldstony says that the palace has a prominent and excellent position in the Trocadero garden, where it cannot fail to attract attention. The land was desired by an English company and every effort made to obtain it, but the director general, M. de Freycinet, would not allow it. The medical profession has been slow to learn this.
